Okay we're all done! So with 34 entries, just like the Brier, we have 4 top prizes! Our first place winner(s) are Al & Wendy! As Kiwi's Warriors! So they win \$82.50! A sweet pot! That's 50% of the top prize pool. 2nd prize went to Dan! Another win for him. He takes \$41.25! Which is 25% of the top prize pool. In 3rd place we have Rozina! As Mrs. Magic! She scores \$24.75, or 15%; and then in 4th was Jay, who Risked It, and got some of The Biscuit! And he takes \$16.50, or 10% of the top prize pool! So that takes care of The top prize pool of \$165.00! And last but not least, with more than 20 entries, we have the last place prize! And this time that went to Angie! She gets her money back, \$5.00! Which will surely make her feel better! So that make our total prize pool of \$170.00! Note, the percentages above are applied after the last place prize is awarded. One last note, for display purposes, the standings are sorted first by total points, then by number of wins, and finally alphabetically. But for purposes of prizes, points and points only are used to determine or break ties! So thanks for playing, everybody! Hope you enjoyed the pool, lucky they finished it! And hopefully no problems by the time of the Women's tournament! Starting April 30th!

In the Qualifier, Semifinal and Medal matches, the win indicator is what you DIVIDE your point assignment by.

Remember, your Qualifier and Semifinal picks are interchangeable... if you pick a team to win the wrong one, you still get full points! And 1/2 points if they lose!

However, your Medal match picks are NOT interchangeable... but if you place a team in the wrong playoff, you still get 1/4 of your points!

Note, 1st place team plays the LOWEST ranked Qualifier winner; and 2nd place plays the HIGHEST ranked Qualifier winner. (Sort of like the NHL playoffs)
